

EXPLORE

Teacher Conservation Workshops

TWO 3-DAY FREE WORKSHOPS AND PROFESSIONAL DEVELOPMENT OPPORTUNITIES!

JUNE 11-13 FALL CREEK FALLS STATE PARK, SPENCER, TN

JUNE 25-27 LONE OAKS FARMS, MIDDLETON, TN

Project Learning Tree

Join us for a fun, interactive day of learning and doing the award-winning curriculum of Project Learning Tree. Educators will leave this workshop with a free activity book with over 80 activities that meet NGSS, STEM, TN Common Core, and many more educational correlations.

Walk in the Woods

Come walk in the woods with foresters and other professionals to discover the outdoor classroom, the diversity of landscape, and sustainability of nature in Tennessee.

Aquatics and Mill Tours

Dive into our local waterways, discover aquatic insects and fish, and learn how to use our local aquatics as a teaching tool during our workshops. Learn about the forest industry that funds these workshops but also supplies the world with the products we use everyday!
